Dear SDFSC Coordinator:

The National Network for Safe and Drug-Free Schools and Communities (SDFSC) is off to a good start for 1996-1997. Two meetings in Washington DC and one in Tucson, Arizona have yielded enthusiastic participation from states across the nation and the territories. The Network is anxious for all states to become actively involved.

Included in this packet are the following items for your information:

- * Minutes from past meetings
- * Regional contact list

and, for your consideration,

- * Draft By-Laws
- * Nomination form

Please review the by-laws and send or fax any feedback and nomination forms to me by November 1, 1996. If you should have any questions about the Network, please contact me or one of the regional representatives.
