The meeting of the National Network for SDFSC was held in Atlanta, Georgia on Wednesday, November 20, 1996 at 10:00 a.m. There were eleven persons in attendance.

During the meeting we reviewed and commented on the draft by-laws, talked briefly about the history of the DFSC Steering Committee and the birth of the National Network for SDFSC and discussed the nomination form.

The following comments were generated from the group:

Change the wording from committee to network in the by-laws.

Consider meeting nationally instead of regionally.

On page 3 of the by-laws it states that the executive committee shall consist of three elected officers - the thought was that all members should be part of the decision making- process.

Overall everyone thought the by-laws looked good.
